Statutory Neonatal Care Pay/Leave (SNCP)

Applies to	Employees who work in England, Scotland, and Wales.
Effective	6 th April 2025.
More information	For details about statutory neonatal care pay and leave, visit: Parents to receive day one right to neonatal care leave and pay - GOV.UK

Summary

The HMRC (His Majesty's Revenue & Customs) is set to introduce a new statutory allowance on behalf of the Department for Business and Trade (DBT) commencing April 2025. The Statutory Neonatal Care Pay and Leave (SNCP) is designed to provide support for parents whose newborns require neonatal care within the first 28 days post-birth.

Neonatal care leave will be available to employees from their first day in a new job and will apply to parents of babies who are admitted into hospital up to the age of 28 days, and who have a continuous stay in hospital of 7 full days or more.

SNCP offers qualifying parents up to 12 weeks of paid leave, which can be claimed flexibly based on individual circumstances. This allowance is structured to complement existing statutory entitlements, including maternity and paternity leave, thereby extending the support available during this critical period.

The introduction of SNCP addresses the need for parents to allocate additional time for infants requiring prolonged hospital care, mitigating the pressure to return to work prematurely. The administration of SNCP is anticipated to align with existing statutory payment processes, such as those established for Statutory Parental Bereavement Pay & Leave (SPBP).

SNCP has been implemented in Opera 3 as a manual process with a new Payment Profile required. SNCP payments will then be included in the P32, FPS and EPS. SNCP payment information is easily accessible through various views available from Payroll Processing such as the To-Date form and various payroll reports.

The payment follows the same administration process as other statutory payments such as SPBP. Payments will be paid out by employers and claimed back through payroll processes. Payments will be treated as earnings for tax and National Insurance Contributions purposes, as per all other Statutory Payments.

Software Changes

The PAYE, NI & Statutory Payments form includes fields to record the earnings-related percentage rate and the standard rate for SNCP. These are updated automatically along with the other statutory payment rates.

Section	Earnings Related % Rate	Standard Rate
SHPP	90.00	187.18
SPBP	90.00	187.18
SNCP	90.00	187.18

The FPS and EPS submissions also include details for SNCP.

FPS, EPS and NVR Changes

Applies to	Employees who work in England, Scotland, Wales and Northern Ireland.
Effective	6 th April 2025.
More information	For details about FPS, EPS and NVR submissions, please refer to: Payroll information to report to HMRC - GOV.UK

- Stand Alone Lump Sum (SALS)

The screenshot shows a software interface with two tabs: 'Details & Bank' and 'Additional Information'. The 'Additional Information' tab is active. It contains several input fields and checkboxes. A green box highlights two checkboxes: 'Pension Commencement Lump Sum' and 'Stand Alone Lump Sum'. - From 2025/26, it will only be possible to process one Flexible Drawdown Pension type per pay period. As a result, the five boxes are mutually exclusive.
- As with the three existing Flexible Drawdown Pension types, the PCELS and SALS must be used with a Payment Profile that has the Flexible Pension checkbox set on.
- Following running the End of Year Cleardown (including the 2024/25 tax year end) the fields are reset to unticked and must be updated as necessary.
